

Sails

Protection and Flexibility

Our versatile Innovative, stylish shade sails are a perfect addition to gardens, hotel terraces and school playgrounds. The major benefit is that not only are they attractively eye-catching but they provide UV protection which can be critical in certain grounds, without being restricted to one colour.

Our sails are available in a range of sizes and can be sourced in triangle or square shapes which can also be designed with company branding if required.

At last - an easily adjustable shade sail system being made out of high quality materials.

Case Study

School Environment

These sails are flexible in any environment. This school chose a variety of colours and used the shade sails to cover a large outdoor seating area providing the children with protection from the sun and rain.

The choice of bright colours has meant that the area is fun and funky – ensuring the children enjoy using the outdoor space even more.
