

Giant Umbrellas

Shades of Comfort are experts in the supply and installation of giant umbrellas, we have been doing so for over a decade now!

With many styles and colours to choose from, giant umbrellas are a perfect solution in providing a comfortable and stylish shelter for your customers.

If you can't find the answer you're looking for on this document please get in touch and we will do our best to assist you.

Fixings

Whether you have planning permission or not we can offer permanent and non-permanent umbrellas!

You can choose from either a ground fixed umbrella or an umbrella on a weighted base.

Please note if you'd like an inground sleeve, you will need to source your own nominated groundworker, we do not carry out groundworks. Once sourced we can liaise with the groundworker on when they would like the sleeve delivered.

The free-standing bases are weighted down using slabs, the number of slabs required will vary by the size of your umbrella.

Fabrics

The canopies of our umbrellas are made with the highest quality materials to stand up against harsh weather conditions for many years. They are available in a wide variety of attractive colours and textures to match or compliment any setting.

They are designed to be stylish from the most elegant to the most casual setting. By the creative use of materials, colours, colour contrasts and trimmings, they become a prime and pleasant focal point in any environment.

To assure that our umbrellas always look the best, spring-loaded end pieces on the arms keep the canopy automatically stretched properly under any weather condition.

We are proud to offer 23 standard colours, additional colours/ patterns are available upon request.

Light colouring

Visual protection

Vt = Visual transmission (% of light penetration through the fabric)

Thermal comfort

SF= Solar Factor (% age of solar heat transmitted)

UV Protection

UPF index: converted to % of UV's filtered

Accessories

When it comes to accessories you can choose from a range of different upgrades.

Valance –

By adding a valance, it can completely change the look of your giant umbrella! They are also the most popular request from our clients.

Sign Writing –

Perfect for promoting your brand!

Stand out from the rest with your own bespoke giant umbrella. Sign writing can be applied to either or both the valance and main fabric.

Heating & Lighting –

Bring indoors outdoors!

Perfect for the winter months after the summer rush has died down, keeping your alfresco area in use. The cosy atmosphere created by the warmth and soft light, entice customers to linger longer, thereby increase business.

You can have the heating and lighting together or separately on their own, however please note that we do not carry out electrical works, you will need your nominated electrician to install the electrical supplies.

01452 307999

sales@shadesofcomfort.co.uk

Side Panels –

Side panels added to the umbrellas create an outdoor room, or a weather protected corner. "Windows" of different sizes increase the room like feeling as customers can see outside sitting or standing.

With addition of other optional accessories like infrared heaters and lights, cosy atmosphere can be created in the "room".

Side panels can be easily installed and removed, allowing the creation of the instant rooms on demand.

Guttering –

Rain gutters provide uninterrupted sun and rain protection between umbrellas. Gutters can connect several umbrellas into one unit, providing large continuous area that is protected from the elements. Gutters can also connect an umbrella to a building. Perfect for outdoor functions during unpredictable weather!

Even single umbrellas can be equipped with self-supporting gutters to allow rain water to drain away in a desirable direction.

sales@shadesofcomfort.co.uk

Bench Seating -

If you are unable to carry out groundworks for your giant umbrella and have an unsightly weighted base with concrete slabs, we have a solution!

Our timber weighted base seating can come with fixed cushion seats, or just varnished wood. Not only does it hide the concrete blocks, it creates additional seating to your area.

01452 307999

sales@shadesofcomfort.co.uk

Cover Bags –

All our giant umbrellas come with cover bags included, however if you already have a giant umbrella with no cover bag, we would highly recommend getting one!

Having a cover bag can considerably extend the life span of your giant umbrella, getting the most of your investment.

Available in different colours.

Winding Handles –

Again, our giant umbrellas come with winding handles however you can purchase our universal winding handles separately if you require spares.
